

ABOUT CEK

Being one of Kerala's most prestigious colleges,CEK has been at the pinnacle of providing quality education and professional excellence about growing technology and managerial skills.The college is affiliated to APJ Abdul Kalam Technological University and approved by AICTE, under the Cooperative Academy of Professional Education (CAPE), a Govt.of Kerala establishment

Started functioning since 2000, the quality of performance and training is widely accepted and appreciated, which is further reiterated with the records set every year in the higher rate of university ranks and campus placements with MNCS

The institution offers M.Tech in Wireless Technology (ECE) and in Computer and Information Science (CSE) as well as B.Tech courses in ECE, CSE, IT, EEE, EIE and CE dedicating quality professionals every year for nation building. The college, now in the nineteenth academic year, since its inception, has already established itself as one of the leading Engineering Colleges in Kerala

Vision :To be a leading engineering institution in the region, providing competent professionals, who engage in lifelong learning, driven by social values.

Mission:To prepare engineering graduates for the development activities of the society and industry, and to prepare them for higher engineering education

DEPT OF ECE

The department was established in the year 2000 with the vision of bringing the Electronics and Communication Engineering department as a centre of learning and research in the field of Electronics and Communication Engineering that produce high calibre engineers for the benefit of society.

Vision : To be recognized as a centre of learning and research in the field of Electronics and Communication Engineering that produce high calibre engineers for the benefit of society.

Mission: To achieve academic excellence in students of all ability levels through periodically updated curriculum, collaborative ventures with industries and effective teaching learning process with an ambience of wholesome Knowledge, Humanity, Creativity & Innovation

NCICSES '19

The National Conference on Innovations In Communication, Signal Processing And Embedded Systems (NCICSES) Is organized by Department of ECE, College of Engineering Kidangoor, with a vision to provide a common platform for engineers, researchers & technologists to present their ideas and views in the emerging areas of engineering and technology.

The conference covers all the major areas in the field of Electronics and Communication Engineering. The objective of the conference is to provide an intellectual forum for professionals and students of different cultures to exchange and expose their research findings for the sustainable development of the mankind
